

Motions for the LMC Conference

Wiltshire

Submitted by Dr. Peter Swinyard:

1. That Conference believes that good general practice premises are the core building block of modern health care and
 - [i] Regrets the disappearance from view of recently announced capital funding
 - [ii] Demands ring-fenced funding for future projects and
 - [iii] Demands a year-on-year increase in guaranteed revenue funding to underpin capital developments

****This motion is additionally supported by the Dorset LMC****

Submitted by Dr. Peter Swinyard:

2. That Conference re-affirms its support for the Primary Health Care Team and demands that health visitors and district nurses should always be attached to practices or groups of practices.

Submitted by Dr. H. McKeown:

3. That Conference:
 - 1) Demands that the resources used on introducing Community Matrons are spent on strengthening existing community nursing teams and that adequate resources are available to prevent existing community nursing stock from being depleted further
 - 2) Asks the GPC and BMA to continue to insist that Community Matrons are attached to existing practices or groups of practices

3) Demands clarification as to where the clinical accountability of Community Matrons will rest

Submitted by Dr. H. McKeown:

4. That Conference condemns the fact that the proposed alterations to the pension scheme will serve to penalise those members who plan to retire at sixty

Submitted by Dr. H. McKeown:

5. That Conference deplores the fact that the seniority scheme in the new GMS contract discriminates against those with lower incomes.

Submitted by Dr. H. McKeown:

6. That Conference ensures that all GPs are equally compensated for national medico-political work, regardless of contractual status or whether they are full-time or part-time.
